

International and Interdisciplinary Workshop on

Novel Phenomena in Integrated Complex Sciences : from Non-living to Living Systems

Organizing Committee

Masatoshi Murase
(Kyoto University, Japan): Vice-Chair

Kazuo Nishimura
(Kyoto University, Japan)

Kazuyoshi Yoshimura
(Kyoto University, Japan): Chair

International Advisory Committee* & Invited Speakers#

Evgeny Antipov** (Moscow State University, Russia)

Nicholas Curro** (University of California Davis, USA)

Minghu Fang** (Zhejiang University, China)

Satoshi Fujimoto# (Kyoto University, Japan)

Jürgen Haase** (Universität Leipzig, Germany)

Takashi Imai** (McMaster University, Canada)

Kenji Ishida# (Kyoto University, Japan)

Masayuki Itoh# (Nagoya University, Japan)

Shinsaku Kambe# (JAEA, Japan)

Peter Lemmens** (TU Braunschweig, Germany)

Herwig Michior** (TU Wien, Austria)

Takamasa Momose** (University of British Columbia, Canada)

Hiroyuki Nakamura# (Kyoto University, Japan)

Yuichi Shimakawa# (Kyoto University, Japan)

Raivo Stern** (NI of Chem. Phys. & Biophys., Estonia)

Hiroshi Sugiyama# (Kyoto University, Japan)

Louis Taillefer* (Universite de Sherbrooke, Canada)

Yoshinori Takahashi# (University of Hyogo, Japan)

Masashi Takigawa** (University of Tokyo, Japan)

Hiroaki Ueda# (University of Tokyo, Japan)

Yoichi Yanase# (Niigata University, Japan)

**October
11 (mon) - 14 (thu)
2010**

**Co-op Inn Kyoto
Conference Hall**

Organized by

The International Research Unit of Integrated Complex System Sciences (Kyoto University),
ICAM (Institute for Complex and Adaptive Matter, USA),
Yukawa Institute for Theoretical Physics (Kyoto University),
Institute of Economic Research (Kyoto University),
and Kyoto University GCOEs (Global Center Of Excellence: Physics, Chemistry, and Economics)
